

PHOTO TRIVIA

from the Fall, 2021 issue

Here's a good one for you. At what track, and in what year was this photo taken? Hint: it looks like it was a mild **November** day. How many of these drivers (and officials) can you name? Only one driver could win it; he's kneeling in the front row. Doesn't it seem like only a few years ago?

"Only a few years ago", these Modified drivers, two track officials and Seymour the Clown were assembled at Wall Stadium before the running of the 1979 Turkey Derby feature races. See the following image for the identification of these talented people who brought thrills and excitement to the fans gathered for TD V.
